In 3 months,
1 acre of hemp can
store 4 tons of
seed, earning
farmers \$1,300 per
acre. It's also a
great processor
for oil, and
buckets of oil
hemping.

Hemp seeds are a
complete super-food
in the growing health
food market. We can
eat the seed but not
grow it. Hemp has
this market for U.S.
farmers. Bring the
hemp market home.
